How To Find Recent Fiction

The McNaughton Plan books are on M Level, under the stairs. **Recent bestsellers** are there and are available for a 2-week checkout (with one renewal).

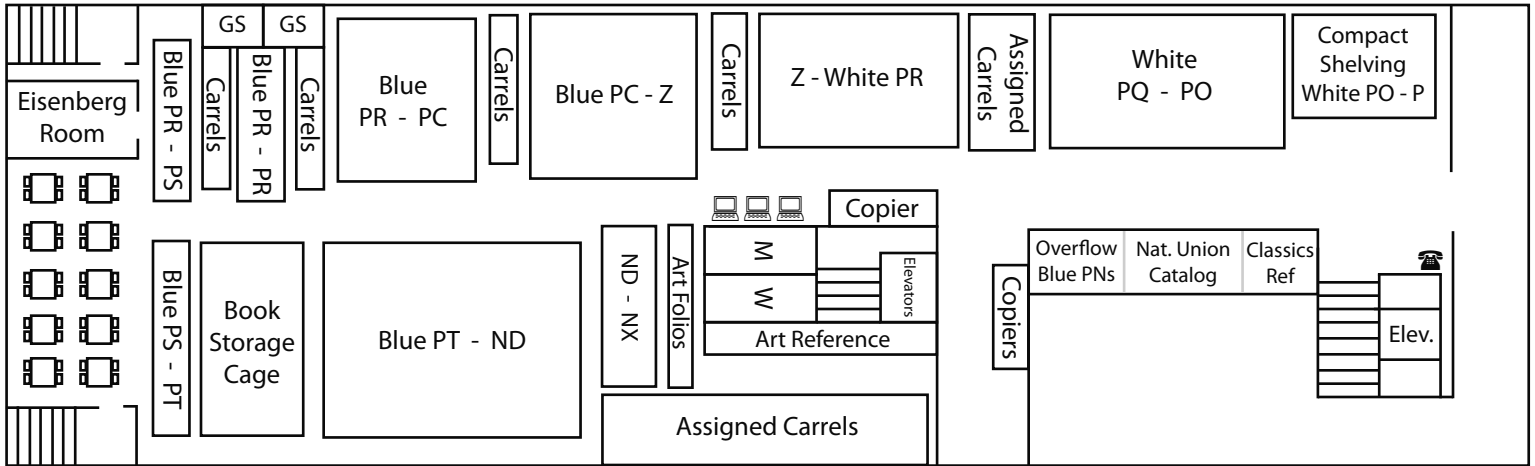

While there is not one section in the stacks of the Eisenhower Library for all fiction, you can browse the call number ranges below to find works of recent fiction. All ranges are in the **Blue Label Section of D-Level** and cover the years 1961 to present.
